

Orange County Orchid Society, Inc.

President's Message

July 2007

Hello Everyone,

It seems we do not have a newsletter editor at the moment. I will try to update you on the speaker of the month until we get a volunteer.

This month, we will have a panel comprised of our own members. We would like to learn and get advice from those who had raised orchids locally. Who best to do that than our members? Bring your plants, ask questions, and share some experiences.

Dorothy Goldberg, Peter Lin, Marty Shipps, and Ed Wise had agreed to participate in the panel. Peter Lin will supply the plant table.

Our speaker last month gave an excellent presentation of pests, garden visitors and how to properly take care of them. I have several handouts, if you missed the meeting, you can get a copy from me.

I thank Tom Raley for the services he has rendered to our society. Tom is starting his own business, and as we know, that takes a lot of time so he will no longer be able to perform his duties. I am grateful to Nohline who volunteered to update our website and will oversee the ribbon judging during the meetings. If you have information to be posted on the site, please forward it to her.

We need a newsletter editor. An editor is one of the most important volunteer positions. Our members need to be informed of what is going on with the society. I can help with the mailing. We just need someone to put it together. Please, please, please, someone volunteer.

Until we get a newsletter editor, I will update you on the upcoming speaker via postcards, email or phone calls. Please be patient. Feel free to call me if you do not hear from me.

With Warm Regards,

Brenda
OCOS President
